

**THE DEPARTMENT OF BIOLOGY**  
**(ZOOLOGY)**  
(Under Self Finance)

The Department of Zoology was established in 2003 with UG classes under self finance scheme.

**Student profile and success rate**

The student gets admission in B.Sc. Bio courses on the basis of merit list. Total strength of students in UG classes 2017-18 was 151. It is pertinent to mention that during last 3 years from 2014 to 17 the students of department have passed the examination either in first or second division. About 25 to 30% student passed the courses in first division and rest of the students passed in second division.

**Teaching learning practice and availability of infrastructure**

Teaching practice in department includes a mix of theory and practical and remedial classes are arranged for relative less weak students. Lectures delivery to the students does with the help of smart classes. On demands of students the faculty prepare reading material which students get photocopied on their own. For better exposure of student, department organizes regularly academic tours. The department regularly evaluates student by conducting monthly and half yearly exams. The students are encouraged to give presentation in class.

Though the central library caters the need of students, the department has its own library. We have well equipped labs with various instruments like pH meter, horizontal air flow laminar, centrifuges, microscopes etc. We have also different variety of specimens, fossils, aquariums. The department has published many research papers. A number of students have occupied important positions in both public and private sector organizations. Several of our students are working as research fellows in reputed institutions. The Department in next 5 years intend to start PG classes. The department intends to organize at least one seminar in a year on topics related to zoology.
