(9) - Religion

10 - Family Conditions.

11. The Society.

12. Deprivation

13 Unfair Judicial System.

14. Political System or influences -

15 - Conclusion -

There is no particular reason for any disorder for criminal activities. Sometimes, society, cultural factors,

different family system, political influences and

law enforcement are responsible for criminal activities of an individual. Crime rate is growing

in India. Crime may be found in various forms.

organised crime - includes - shooting, money laundering

Extortion, and murder for ~~hire~~ hire, fraud

human trafficking.
