Dear Sir,

I want to bring to your kind notice something that needs immediate attention and prompt action. The final examinations are hardly one week away and every student is busy preparing for the same. However, some misguided persons in the locality start blaring out loud music from early in the morning and continue it till late at night. It disturbs our studies and causes a lot of noise pollution. I hope the district administration will impose a total ban on the use of loud speakers at least during the examination period.

Your Faithfully
